

Covid Statement

Please be aware that due to current Covid conditions with regard to the New Variant and Government Covid Guidelines we feel that we must introduce some measures to protect you, the members, at our events. Subsequently we will be asking attendees to Jumpstart in April and our Rally in July to show a Valid Covid Pass or proof of a Negative Covid Test taken 24hrs before attending or possibly at the event (we may be able to supply test kits).

We hope that these measures will give you reassurance of your safety and give you confidence to attend.

Of course things are changing on a daily basis so hopefully we will be able to remove these restrictions but we feel it is necessary to ensure a safe and enjoyable time.

Thanks for your co-operation

Little Bob
